SUMMARY

Full Stack Java Developer with hands-on experience building web applications using Java, Spring Boot, React.js, REST APIs, Spring Security, and MySQL. Experienced in developing CRUD operations, authentication and authorization, database integration, and responsive user interfaces. Built full-stack projects including a Job Portal & ATS and a Bank Account Management System. Familiar with Git, GitHub, and software development fundamentals, with a strong foundation in problem-solving and backend development.

SKILLS

Programming Languages	:	Java, Python, JavaScript, SQL
Frontend Development	:	HTML5, CSS3, Bootstrap, React.js
Backend Development	:	Spring Boot, Node.js, Rest APIs, API Integration, Spring Security, Spring Data JPA, JDBC
Databases	:	MySQL, Firebase Realtime Database
Machine Learning	:	PyTorch, Random Forest, SVM, scikit-learn, Pandas
Tools & Practices	:	Git, GitHub, Postman, Maven, Spring Data JPA, VS Code, Eclipse IDE, IntelliJ IDEA
Languages	:	Tamil, Hindi, English

EXPERIENCE

Web Software Developer, S3 Remotica Technologies, Alangulam, India **May 2025 — Jun 2025**

- Developed responsive web pages using React.js, HTML5, CSS3, JavaScript, and Bootstrap.
- Implemented CSS animations and interactive UI components to improve website usability.
- Optimized layouts for mobile responsiveness and cross-device compatibility.

EDUCATION

B.Sc. Artificial Intelligence and Machine Learning - *Manonmaniam Sundaranar University* **Jul 2023 — Jun 2026**

PROJECTS

Job Portal & Applicant Tracking System (ATS) | Java 17, Spring Boot, React.js, MySQL, Spring Security, JWT, Link **Sep 2026 — Present**

- Developed a full-stack job portal with separate Job Seeker and Recruiter roles.
- Built REST APIs for authentication, job listings, job management, and application tracking.
- Integrated MySQL using Spring Data JPA for persistent data storage.
- Implemented JWT authentication and role-based access control using Spring Security.
- Developed responsive frontend pages using React.js and Vite.

Flight Booking System | Java, JDBC, MySQL, Eclipse IDE, Credo Systemz, Link **Jul 2026 — Present**

- Developed a flight booking application using Java to support flight search and booking operations.
- Integrated Java applications with MySQL using JDBC for database connectivity.
- Implemented flight search functionality to retrieve available flight information from the database.

PhishNet — Machine Learning-Based Phishing URL Detection | Python, Flask, React.js, scikit-learn, Link **Sep 2025 — Nov 2025**

- Developed a machine learning system to classify URLs as phishing or legitimate.
- Built a data preprocessing and feature extraction pipeline using URL characteristics.
- Integrated a trained machine learning model with a Flask backend and React frontend.
- Implemented URL prediction and history-tracking functionality.

Student-Teacher Appointment Booking System | React.js, Firebase Realtime Database, Bootstrap, Link **Jun 2025 — Jul 2025**

- Developed an appointment booking application connecting students and teachers.
- Integrated Firebase Realtime Database to store and manage appointment records.
- Implemented role-specific dashboards and appointment management features.

PUBLICATIONS

2nd International Conference on Recent Trends in Data Science (ICRTDS@24), St. Xavier's College (Autonomous), Palayamkottai **Oct 2024**

Generative Artificial Intelligence: A Comprehensive Review Of Concepts, Applications And Future Directions.
(ISBN :978-93-341-3499-5)

ARTIFICIAL INTELLIGENCE IN IMAGE PROCESSING USING DEEP LEARNING , New Horizon College, Kasturinagar **May 2025**

(P-ISBN: 978-93-92229-38-1 | E-ISBN: 978-93-92229-86-2)

CERTIFICATIONS

Technical & Data Skills:

Java Full Stack Developer(Ongoing), Credo Systemz **Dec 2026**
Introduction To Machine Learning, SkillElected Campus Program **Apr 2025**
Introduction to Artificial Intelligence, AI Campus Connect with IBM SkillsBuild **Aug 2025**
MongoDB Basics for Students, MongoDB **Aug 2025**
Get started with data science in Microsoft Fabric, Microsoft Learning **Sep 2025**
Full Stack Developer - Java (Advanced Java completed), Credo Systemz **Jul 2026**
Tata Group - Cybersecurity Analyst Job Simulation, Forage **Apr 2025**
Introduction to Data Analysis using Microsoft Excel, Coursera Project Network **Mar 2025**

VOLUNTEERING

Event Assistant – G20 Event
Assisted Assistant Professor | [Manonmaniam Sundaranar University,Tirunelevli] | [November, 2023]

- Supported the organization and coordination of the **G20 event**, ensuring smooth execution.
- Helped with **technical setup, communication, and documentation** during the event.
- Collaborated with faculty and students to ensure a professional and engaging experience.

Event Volunteering – Help in college fests, workshops, or community events and also participated in waste collection and promoted environmental awareness.
